

Proposal for Support to Sai Vocational Training Centre run by Saikripa

1. Introduction

Saikripa is a nonprofit NGO functioning in Noida for the last thirty years, for the welfare of the underprivileged children through the five projects as noted below:

Balkutir- This consists of five homes for different age groups of orphaned and abandoned children in sector- 12, Noida. Balkutir has now a total strength of about 60 children that keeps varying due to the children becoming independent when they grow up and new admissions and transfers/restorations.

Sai Shiksha Sansthan- A co-educational English medium Secondary school having a strength of around 400 students in the village Wazidpur Sector 134, Noida for the underprivileged/rural children with heavily subsidized fees.

Sai Bal Sansar- A free non-formal educational Centre at village Agahpur, Sector-41, Noida for the street/slum children with provision of midday meal.

Sai Vatsalya Vatika – This is a special school at primary level in the village Agahpur, Sector 41 Noida for the “Special Children” needing special care and attention with provision of midday meal.

Sai Vocational Training Center – This centre is located at Sector-12, NOIDA to Impart training in Tailoring, Bakery, Beauty culture, Computer & Spoken English to the underprivileged section of the society.

For more details about Saikripa please refer our website www.saikripa.org

2. Purpose of the Proposal:

1. **Computers:** There is a need for computers for the computer course. Although we have some Computers available with us, due to the increase in the strength of the students we have to supplement a few more new computers are needed. Besides, some of the computers in use go out of order due to its constant use and obsolescence as they are very old.
2. **Printers** – We need a printer for Vocational Training Center to take reports, case studies of the children, notes on education etc.

3. **Tailoring:** We need a special kind of stitching machine such as Umbrella Machine operated by motor for stitching denims thereby giving tremendous output of the products. These machines are trendy and should be practiced by the students to make them more employable in the job market.
4. **Almirah and filing cabinet** – We need two almirahs for keeping important documents of students etc.
5. **Beauty Culture**
Equipment for Beauty Culture- equipment are needed to impart training in the manner as per the present market trend.
